

Presentation College Chaguanas
School Library Media Centre

Monday 29th June, 2026

Dear parents/guardians,

The library staff at Presentation College Chaguanas (PCC) would like to warmly welcome you and your son/s to the most prestigious male secondary institution in central. As we continue to build their literacy skills, we would like to encourage those who do not currently have a National Library card to register for one via the school's library.

Copies of documents required to join the library include child/children's birth certificate or passport, parent/guardian's valid identification (national identification card, passport or driver's permit) and parent/guardian's proof of current address (utility bill or any other official document received through the mail within the last 3 months). They can be brought into the library at the start of the new school term. Once this is completed, the library staff will collect cards from the public library and distribute them to students. Please note that all information collected will remain confidential and be used only for the purpose of registering your son/s.

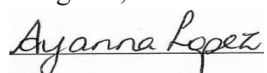

You can also register using the link below:

<https://www.nalis.gov.tt/blog/patron-online-registration-parent-or-guardian-registering-one-child/>

Additionally, the library is continuously expanding its print collection and is kindly asking each incoming student to donate at least one suitable novel to the library. Donated books could be new or gently used.

We appreciate your support in building your child/children's literacy skills.

Regards,

AYANNA LOPEZ

Librarian
